

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gary D. Yacura on 05/06/2010.

The application has been amended as follows:

#### IN CLAIM

Claim 22, line 15, after "the current field macroblock" delete "." and insert --;  
decoding the current field macroblock using the determined reference field picture.--;

Claim 23 is canceled,

Claim 24, line 1, after "of claim" delete "23" insert—22--.

2. The following is an examiner's statement of reasons for allowance: the cited prior art does not disclose a method of determining a reference field picture for decoding a current field macroblock in a bi-predictive frame, comprising: determining, by a decoder, a reference frame picture index in a reference picture list for the bi-predictive frame based on a display order; determining, by the decoder, a reference field picture for the current field macroblock from the reference picture list, the determined reference field picture being one of a top field and a bottom field of a reference frame; wherein the determining step determines a field having a same parity as the current field macroblock or a different parity from the current field macroblock as the reference field picture
